Q: iCloud Music Library Not Opening Safari Since the release of iOS 9.3, when I tap the music icon on the home screen or open the app from the app switcher, nothing happens. If I double tap the icon on the home screen or open the app from the app switcher, the iCloud icon opens and I can choose to share the playlists/albums from there. It seems that everything in the app is functional, but none of the functionality on the home screen. Any ideas on what is causing this issue? A: The first thing you should do is delete your app from your device. Then see if
